

SEAMLESS PLASTIC TUBES

First Aluminium's new Seamless Plastic Tube is the state-of-the-art packaging solution for various cosmetic products for daily use, such as:

- Body Lotion
- Skin Moisturising Cream
- Toning Lotion
- Skin Fairing Cream
- Aloe Vera & Herbal Cream
- Hair Fertilizer
- Scalp Treatment
- Hair Styling Gel
- Coconut Oil
- Shea Butter
- Shaving Cream

The seamless tube is made of a mono-layer high-density polyethylene (HDPE) and provides protection, equal to existing plastic jars, against oxidation, caking and loss of scent and perfume. The post-print lacquering protects the printed artwork, while special lacquers are available to improve the barrier properties of the tube.

The Seamless Plastic Tube offers lots of advantages which make the choice of packaging for your product very easy:

- available in two different diameters
- variable length for easy adjustment of the content volume
- easy adaptation to your distinctive artwork, using up to 4 colours
- comfortable dispensing & dosage of content
- leakage-free in any position
- minimal exposure of product to air & environment due to small orifice
- large display area for promotion of artwork on tube body
- available with screw cap or flip-top cap in stand-up design
- resistant to product counterfeiting due to customized tube/cap colour, complete in-house manufacturing, artwork development and in-house printing of your unique tube design

Available sizes:

Ø Tube [mm]	Approx. body length of Tube [mm]							
35	95	120	155	185				
50				110	125	140	155	180
Content [ml]	50	75	100	125	150	175	200	250
